

How to play Rere Khoasan Let's join!

Step_1: Divide the players into two teams. Two players are the gate team, and the rest are the line team.

Step_2: Choose two players to be the “gate.” They stand facing each other and raise their joined hands above their heads.

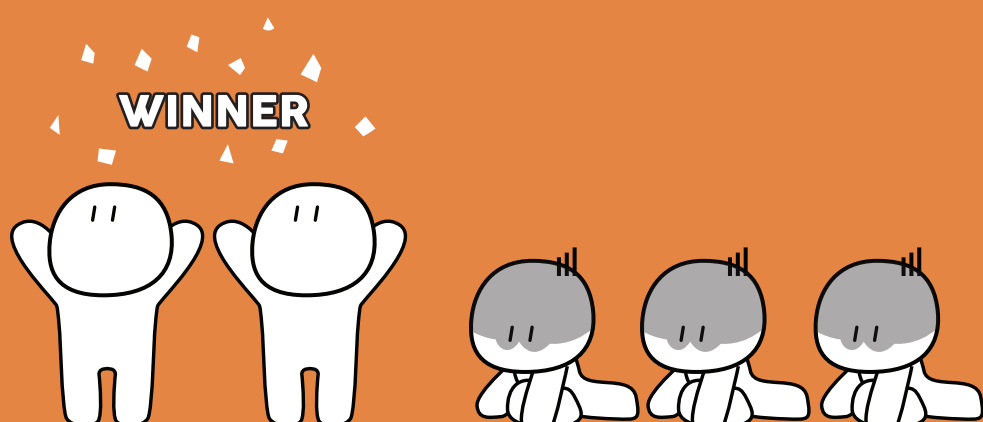

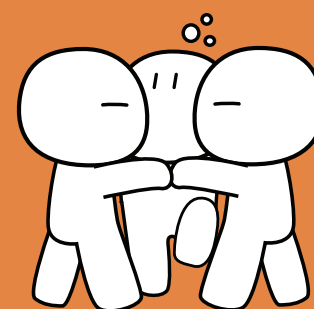

Step_3: The remaining players stand in a single line, holding the waist or shoulders of the person in front of them.

Step_4: The player at the front leads everyone to walk under the gate over and over, while everyone sings a song together.

Step_5: When the song ends, the “gate” quickly lowers their arms to block and catch the player passing through. If a player is caught, they are out. Repeat this for 3 rounds. If the gate team catches everyone, they win. If any players from the line are still left, the line team wins.

RERE KHOASAN SONG

“Ree-ree khao-san,
song ta-nan khao pluak,
luek tong bai-lan,
gep bee tai toon ran,
kot khao sai jaan,
